

project : Sterling Portfolio
Management Ltd

Sterling Portfolio Management

Category A fit out at Longcroft House
Victoria Avenue

Works included stripping out of existing ceilings, floor finishes, internal partitioning, services and tenants' fixtures and fittings.

Avondale installed VRV air conditioning and ventilation systems, new lighting, small power, fire alarm systems and security system. Refurbishment of landlords areas including toilets. New suspended ceilings, floor finishes and partitioning. Complete redecoration of all areas. All boardroom areas refurbished. Installation of 220 workstations and furniture for the meeting rooms and breakout areas.

The project was completed on time and within the budget.
